

1 Product and company identification

Product identifier:	Archer® MBC Adapters 1-48 for Ion Torrent™
SDS number:	SDS0144
Version:	1
Internal ID:	SA0363, SA0364, SA0365, SA0366 SA0367, SA0368
Relevant identified uses of the substance or mixture and uses advised against:	For research use only. Not for use in diagnostic procedures.
Supplier details:	Integrated DNA Technologies, Inc. (IDT) 2425 55th Street Boulder, CO 80301 877-771-1093
Phone:	877-771-1093
Fax:	303-736-7150
Email:	archer-tech@idtdna.com
Web:	http://www.archerdx.com/
Emergency telephone number:	For Spill, Leak, Fire, Exposure, or Accident CHEMTREC Within USA and Canada: 1-800-424-9300 CCN871892 Outside USA and Canada: +1 703-527-3887 (collect calls accepted)
Further information:	This sheet was prepared on a voluntary basis.

2 Hazards identification

Classification of the substance or mixture

Not a hazardous substance or mixture (GHS-US, 1272/2008- EU)

Label elements

Not a hazardous substance or mixture (GHS-US, 1272/2008- EU)

Other hazards

Inhalation: May be harmful if inhaled. May cause respiratory tract irritation.

Skin Contact: May be harmful if absorbed through skin. May cause skin irritation.

2425 55th Street, Boulder, CO 80301 | www.archerdx.com | archer-tech@idtdna.com

For research use only. Not for use in diagnostic procedures. May 2023.

Eye Contact: May cause eye irritation.

Ingestion: May be harmful if swallowed.

3 Composition/information on ingredients

Ingredients

This product contains no substances that are hazardous as defined in Section 2.

4 First aid measures

Description of first aid measures

- General Information:** In case of accident or unwellness, seek medical advice immediately (show directions for use or safety data sheet if possible).
- Inhalation:** In case of inhalation: move affected person to fresh air and keep at rest. If not breathing, give artificial respiration. If symptoms are severe or persist, seek medical advice immediately.
- Skin Contact:** Immediately remove all contaminated clothing. After contact with skin, wash immediately with plenty of water and soap. If skin irritation or rash occurs: Get medical advice/attention.
- Eye Contact:** Rinse immediately with plenty of water for at least 15 minutes. Keep eye wide open while rinsing. Remove contact lenses, if present and easy to do. Continue rinsing for several minutes. Get medical attention if any discomfort continues.
- Ingestion:** Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth thoroughly with water. When in doubt or if symptoms are observed, get medical advice/attention.

Most important symptoms and effects, both acute and delayed:

The most important known symptoms and effects are described in labelling (see Section 2) and/or in Section 11.

Indication of any immediate medical attention and special treatment needed:

No data available

5 Firefighting measures

Extinguishing media

Suitable extinguishing media: Extinguish with water fog, alcohol-resistant foam, dry chemical, or carbon dioxide.

Specific hazards arising from the chemical:

Carbon oxides (CO, CO₂)

Special hazards arising from the substance or mixture:

Nate of decomposition products not known

Advice for firefighters:

In case of fire: Wear self-contained breathing apparatus.

6 Accidental release measures

Personal precautions, protective equipment, and emergency procedures

Avoid inhalation of dust, vapors, mist, or gas. Ensure adequate ventilation. Evacuate untrained or unnecessary personnel to safe areas. Evacuate untrained or unnecessary personnel to safe areas. For personal protection see Section 8.

Environmental precautions

Do not allow to enter surface water or drains. Discharge into the environment must be avoided. Prevent spread over a wide area (e.g., by containment or oil barriers).

Methods and materials for containment and cleaning up

Clear up spills immediately. Avoid creating dust. Clean any contaminated surfaces thoroughly. Mop up small spills. Dike area with sand or other inert material for large spills. Disposal should be in accordance with Section 13. Keep in suitable, closed containers for disposal.

References to other sections

Safe handling: See Section 7.

Personal Protective Equipment: See Section 8.

Disposal: See Section 13.

7 Handling and storage

Precautions for safe handling

Advice on safe handling: Avoid contact with eyes or repeated or prolonged contact with skin.

Avoid inhalation.

Launder or discard contaminated clothing.

Smoking, eating, and drinking should be prohibited in application area.

Normal measures for preventative fire protection.

Wear suitable protective clothing (See section 8).

Advice on protection against fire and explosion:

See Section 5.

Conditions for safe storage, including any incompatibilities

Requirements for storage rooms and vessels:

Keep in original or labeled container.

Keep container closed and store in cool, dry place.

Recommended storage temperature 4°C/40°F.

Further information on storage conditions:

Protect against: Light. UV-radiation/sunlight. Extreme heat. Extreme cold. Moisture.

Specific end use(s):

Apart from the uses mentioned in Section 1 no other specific uses are stipulated.

8 Exposure controls/personal protection

Exposure controls

Appropriate engineering controls:

General industrial hygiene practice. Provide adequate ventilation, showers, and eyewash stations.

Protective and hygiene measures:

Always close containers tightly after the removal of product. Change contaminated clothing. Wash hands after working with product. When using do not eat, drink, or smoke.

Eye/face protection:

Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).

Skin protection:

Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching gloves outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

Respiratory protection:

If necessary, use respirator as a backup to engineering controls. Use respirators and approved under appropriate government standards such as OSHA 29 CFR 1910.134 or European Standard EN 149.

Environmental exposure controls:

Keep container tightly closed when not in use. Do not let product enter drains.

9 Physical and chemical properties

Information on basic physical and chemical properties

Physical state	Lyophilized powder
Color	White
Odor	Not determined
pH	Not applicable
Melting point	Not determined
Initial boiling point and boiling range	Not applicable
Flash point	Not applicable
Sustaining combustion	Not available
Lower explosive limits	Not available
Upper explosive limits	Not available
Ignition temperature	Not available
Oxidizing properties	Not available
Vapor pressure (at 20°C)	Not applicable
Density (at 20°C)	Not available
Water solubility	Not determined
Solubility in other solvents	Not available
Auto-ignition temperature	Not determined
Decomposition temperature	Not available

10 Stability and reactivity

Reactivity:	Stable under recommended use and storage conditions. Hydroscopic.
Chemical stability:	Stable under recommended use and storage conditions. Hydroscopic.
Possibility of hazardous reactions:	No data available.
Conditions to avoid:	Strong oxidizing agents.
Incompatible materials:	None known
Hazardous decomposition products:	Hazardous decomposition products formed under fire conditions: carbon oxides (CO, CO ₂), other possibly toxic smoke or fumes. In the event of fire: see Section 5.

11 Toxicological information

2425 55th Street, Boulder, CO 80301 | www.archerdx.com | archer-tech@idtdna.com

For research use only. Not for use in diagnostic procedures. May 2023.

Information on toxicological effects

Toxicokinetic, metabolism and distribution: No information available.

Acute toxicity:

Inhalation: No data available

Dermal: No data available

Irritation and corrosivity

Eye: May be irritating. Symptoms of eye irritation include pain, tearing, reddening, and swelling

Skin: May be irritating. Symptoms include rash and redness.

Inhalation: May be irritating. Symptoms of respiratory irritation include runny nose, sore throat, cough, chest discomfort, shortness of breath and reduced lung function.

Sensitizing effects

No data available

Carcinogenic/mutagenic/toxic effects for reproduction

IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

ACGIH: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.

NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

STOT-single exposure

No data available

STOT-repeated exposure

No data available

Aspiration hazard

No data available

Specific effects in experiment on an animal

No information available

12 Ecological information

Toxicity

No information available.

2425 55th Street, Boulder, CO 80301 | www.archerdx.com | archer-tech@idtdna.com

For research use only. Not for use in diagnostic procedures. May 2023.

Persistence and degradability

No information available

Bio accumulative potential

No information available.

Mobility in soil

No information available.

Results of PBT and vPvB assessment

No information available.

Other adverse effects

No information available.

Further information

Do not allow uncontrolled discharge of product into the environment.

13 Disposal considerations

Waste treatment methods

Waste generators must determine whether a waste is hazardous and consult local, state, and national hazardous waste regulations to ensure complete accurate classification to ensure proper disposal.

14 Transport information

DOT (US)

Not a hazardous material.

IMDG

Not a dangerous goods.

IATA

Not dangerous goods.

Environmental hazards

ENVIRONMENTALLY HAZARDOUS: No

Special precautions for user

See Section 8.

15 Regulatory information

Safety, health and environmental regulations/legislation specific for the substance or mixture

SARA 302 components:

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

SARA 313 components:

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

SARA 311/312 hazards:

Acute Health Hazard	No
Chronic Health Hazard	No
Fire Hazard	No
Sudden Release of Pressure Hazard	No
Reactive Hazard	No

16 Other information

Disclaimer:

DISCLAIMER: The information above is believed to be accurate and represents the best information currently available to us. However, we make no warranty, express or implied, with respect to such information, and we assume no liability resulting from its use. Users should make their own investigation to determine the suitability of information for their particular purposes. In no event shall IDT be liable for any claims, losses, or damages of any third party or for lost profits or any special, indirect, incidental, consequential or exemplary damages, whatsoever arising, even if IDT has been advised of the possibility of such damages.

Abbreviations and acronyms:

CAS Chemical Abstracts Service

IMDG: International Maritime Code for Dangerous Goods IATA: International Air Transport Association

GHS: Globally Harmonized System of Classification and Labelling of Chemicals

N/A: not applicable

OSHA: Occupational Safety and Health Administration

PBT: Persistent bioaccumulative toxic

SARA: Superfund Amendments and Reauthorization Act

The above information describes exclusively the safety requirements of the product and is based on our present-day knowledge. The information is intended to give you advice about the safe handling of the product named in this safety data sheet, for storage, processing, transport and disposal. The information cannot be transferred to other products. In the case of mixing the product with other products or in the case of processing, the information on this safety data sheet is not necessarily valid for the new made-up material.
