

This product is covered by one or more patents, trademarks and/or copyrights owned or controlled by Sherlock Biosciences, Inc (“Sherlock”) and its partners.

While Sherlock develops and validates its products for various applications, the use of this product may require the buyer to obtain additional third-party intellectual property rights for certain applications.

For more information about commercial rights, please contact Sherlock at support@sherlock.bio.

This product is intended for non-commercial use solely in compliance with the product label, instructions for use, and the terms of sale. Resale is strictly forbidden.

Products provided by Sherlock are patented by Sherlock, or otherwise licensed, under U.S. Patents Nos. U.S. 6,410,278; 6,974,670; 7,494,790; 8,017,357; 7,374,913; 7,851,186; 7,846,695, 10,266,886; 10,266,887; and 9,790,490 including all foreign counterparts thereof. This page is intended to serve as notice under 35 U.S.C. § 287(a).

The purchase of this product conveys to the purchaser the limited, non-exclusive, non-transferable right to use the purchased product for non-commercial purposes only, to perform, in accordance with the product label, instructions for use, and the terms of sale:

- (a) loop-mediated isothermal amplification ("LAMP"), a patented technology belonging to Eiken Chemical Co., Ltd.; and
- (b) Specific High Sensitivity Enzymatic Reporter unLOCKing (“SHERLOCK”), a patented technology belonging to the Broad Institute, Inc..

Any use other than as expressly permitted in the product label, instructions for use, and the terms of sale may require a license from Eiken Chemical Co., Ltd., Sherlock Biosciences, Inc. and/or the Broad Institute, Inc.
